

The Lightweight Look of Stone

Edenika brings the love of nature to your garden. Through a complete line of Resin Planters that have the Lightweight Look of Stone.

All of our product lines are manufactured with state of the art technology, and the highest grade of material for a long lasting beauty.

Edenika planters are for the people who want to enjoy plants, but require the convenience only resin can bring.

Resin Planters will not spill or crack under any weather conditions, so the planters keep looking great year after.

Edenika Planters are Lifiable, Movable, Unbreakable, Fashionable, Combinable, Durable, and Affordable. Its World Class Design, and wide product line complement any decor.

Long
lasting
beauty.

Spania *collection*

The Edenika Spania Collection is reminiscent of the beautiful Spanish countryside, with its rich earthy colors and warm textures.

The Edenika Spania Collection looks great in any environment, whether it be on a patio deck or poolside, the materials of these planters allow them to be left outside year around... carefree and long-lasting.

The Edenika Spania Collection are made of recycled Resin so it is truly Green, they can be easily moved or carried from one space to the other, unlike those cumbersome cement planters of yesteryear.

This great looking planter is the perfect complement to your home or garden. Made of maintenance-free 100% recycled plastic, this great looking planter will keep its beauty year after year.

Edenika Spania Collection, has The Lightweight Look of Stone.
